

## **PONTON MILLS**

**Ponton Mills was not in the true sense of the word a settlement but was an important location due to the establishment of a mill there by George H. Shepherd in 1869.**

**The location was strategic to travel as it lay just to the north of the junction of the Mono/Mulmur townline (Highway # 89) and concession # 1, Mulmur, West (Prince of Wales Road). It was on the west half of lot 2.**

**This mill continued to be operated by Mr. Shepherd until almost the turn of the century.**

**Relatives of this pioneer are still to be found in the Ponton Mills area.**
