

**September 14, 2022 | 1-4pm & 6-8pm | Tony Rose Arena, Orangeville**

**Hands-on demos. Local skilled tradespeople. Dynamic keynote speaker Jamie McMillan of KickAss Careers. And much more!**

Show local students and their parents, second-career seekers, and commuters some of the exciting, in-demand, well-paying career options available in skilled trades in the Dufferin area.

### **Inspire the future of skilled trades!**

Paul Janssen, from JDC Custom Homes says, "As you all know, we need more young people to be interested in a career working in skilled trades. The obstacle, I think, we're facing, has many different tiers but if we keep it simple, I feel it comes down to education & exposure to available options. We (I mean people already in the trades. You and me. ) will have to do our part to make an impact on today's young people to influence their future choices regarding their careers....How can we get more of these young people interested in our trades or how can we show their parents that careers in skilled trades can be very honorable and/or rewarding? *How can you make a difference? I'm glad you asked!"*

**Get involved in Dream Dufferin** - Set up an indoor or outdoor booth and let's show them what sort of opportunities are available locally and how rewarding a career in skilled trades can be!

Booth space is limited – please register at [www.dufferinbot.ca/dreamdufferin](http://www.dufferinbot.ca/dreamdufferin).

Sponsorship opportunities are available.

**Visit [dufferinbot.ca/DreamDufferin](http://dufferinbot.ca/DreamDufferin) for more information**

**Your future workforce will be at Dream Dufferin on September 14th. Don't miss them.**

### **Dream Dufferin is supported by:**

The Dufferin Board of Trade, Town of Orangeville, Township of Mulmur, Upper Grand District School Board, Georgian College, Workforce Planning Board of Waterloo Wellington Dufferin, Build a Dream, and many local businesses!
