Subject: Emily resigning from CCAC

Hi Karen,

Hope you're well! Unfortunately I have to resign from the CCAC committee given I have recently purchased a home in Barrie and will be moving there permanently in October.

As chair, I'm hoping you can remove me from the committee or let me know re next steps for resignation. Thanks!

It's been lovely getting to know you and work with you! I

Thanks
Emily

STAFF REPORT

TO: Council
FROM: Roseann Knechtel, Deputy Clerk
MEETING DATE: December 8, 2021
SUBJECT: 2022 Committee Meeting Dates and Vacancies

PURPOSE:

The purpose of this report is to identify current Committee vacancies and set the tentative 2022 meeting dates for Committees and Boards.

BACKGROUND:

Tentatively scheduling the 2022 Committee and Board meetings will allow staff to update the website calendar, ensure transparency and give committee members the opportunity to plan ahead where necessary. This will also ensure staff duties do not overlap throughout the month.

ANALYSIS:

BOARD AND COMMITTEE SCHEDULING

The quantity of meetings is generally described in each Committee mandate or Terms of Reference. The Terms of Reference for the Committees were recently updated in July 2021 to reflect outstanding strategic plan goals and accomplishments. The following dates are based on current mandates and/or scheduling history.

Ad-Hoc Planning Advisory – to be scheduled as required to meet the deadlines of the Official Plan update.

Communication Committee – 2nd Thursday of January, April, July and October

Economic Development – 3rd Thursday of January, May, September and November (additional meetings to be scheduled as required to a maximum of 10)

Mansfield Parks Advisory Committee – the last Monday of February and September (additional meetings to be scheduled as required to a maximum of 6)

Mulmur Community Events – to be scheduled as required based on event dates

Committee of Adjustment – to be scheduled as required with a minimum of 4 applications or as required to comply with *Planning Act*.

Road Safety – 2nd Monday of May and November

At the last Roads Safety Committee meeting on November 22, 2021 the Committee passed the following motion requesting the Terms of Reference be amended to permit them to meet quarterly in 2022:

Moved by Russel Seconded by Graf

THAT the Roads Safety Committee recommend to Council that the Terms of Reference and Committee Mandate be amended to meet four (4) times a year.

Carried.

Boards generally have been delegated the authority to set their own meetings, and the quantity of those are set out in separate agreements or legislation, most of which recommend regular scheduled meetings and a minimum number of meetings per year.

North Dufferin Community Centre Board – 2nd Wednesday of each month

Police Service Board – 4th Wednesday of every 3rd month (January and July Mulmur PSB / April and October Joint PSB)

Mulmur-Melancthon Fire Board – 3rd Tuesday of every second month or monthly if needed (January, March, May, July, September, November)

Rosemont District Fire Board - to be scheduled by the Board

COMMITTEE VACANCIES

Mulmur is currently experiencing an increase in committee vacancies. Consultation with Council, Committee members and neighbouring municipalities indicate vacancies to be on the rise due to health, home obligations, work scheduling, and electronic (zoom) burn-out. Staff have received resignations from Dennis Phillipson, Chester Tupling, Gregg Friday, Nicole Hambleton, Emily Sedgwick, Ernie Lynch and Julie Pollock. Current Committee vacancies are as follows:

Police Service Board: 1 Vacancy

NDCC Board of Management: 1 Mulmur Rep Vacancy (2 Reps total)

Ad-Hoc Planning Committee: 2 Vacancies

Communications Committee: 1 Vacancy

Economic Development Committee: 2 Vacancies

Mulmur Events Committee: 3 Vacancies

Committee of Adjustment: 1 Vacancy

Staff recommend Council discuss maintaining the status quo on committees and focusing activities to meet mandates over the remaining eight months. It is also recommended Council discuss the frequency, scheduling and return to in-person or hybrid committee meetings in 2022 to ensure current members do not experience further hardships in time commitments and duties.

STRATEGIC PLAN ALIGNMENT:

2. Growing a Connected Mulmur
3. Growing a Supportive Mulmur

FINANCIAL IMPACTS:

None.

RECOMMENDATION:

THAT Council consider the request from the Roads Safety Committee to amend their Terms of Reference;

AND FURTHER THAT Council approve the tentative 2022 committee meeting dates as presented.

Respectfully submitted,

Roseann Knechtel

Pine River Institute Funding

The Ontario government is investing over \$4.2 million in additional funding annually to support the expansion of 30 new youth treatment beds for Pine River Institute's mental health and addiction treatment program for youth. This will help to address the demand for mental health and addictions supports and services for youth and families across Ontario. "I am very pleased to see Pine River Institute expand its services for residential addictions treatment for youth," said Dufferin-Caledon MPP Sylvia Jones. "This new dormitory was a project of the Pine River Foundation with generous donations, and because of the operational funding from the province, we have new beds to help youth with their recovery from addiction. It's a great example of a partnership between private donations and government investment."

NVCA Tree Planting

NVCA is now looking for interested landowners and volunteers to help plant trees for Spring 2022. To be eligible, projects must include over 100 trees planted three to five metres apart. Grants range between 50% -100% up to \$1,000 for eligible plantings. Special funding is available for areas along streams and wetlands and windbreaks. For properties over 2.5 acres, NVCA's forestry staff offers large-scale tree planting services.

Interested landowners and volunteers can contact Shannon Stephens at 705-424-1479 ext. 239/sstephens@nvca.on.ca.

Phragmites

Invasive Phragmites is a perennial grass that has been damaging ecosystems in Ontario for decades. It is an aggressive plant that spreads quickly and out-competes native species for water and nutrients. While it prefers areas of standing water, its roots can grow to extreme lengths, allowing it to survive in relatively dry areas.

Impacts of Invasive Phragmites

- Crowds out native vegetation, thus resulting in decreased plant biodiversity;
- generally provides poor habitat and food supplies for wildlife, including several Species at Risk;
- grows very quickly thereby causing lower water levels as water is transpired faster than it would be with native vegetation;
- increases fire hazards as stands are composed of a high percentage of dead stalks;
- and can affect agriculture, cause road safety hazard and impact recreational activities such as swimming, boating and angling.

What can I do?

Everyone can help to win the battle against alien invasive species. Here are some ways you can help:

- Professional help is recommended. The most effective method is a three-step combination of spraying with herbicide, mowing and controlled burning repeated over three years or until the patch is eradicated.
- Dispose of yard waste properly. Dumping yard waste in natural areas can introduce alien invasive species that will thrive and spread.
- [Plant native species in your garden](#)
- Clean your shoes or bicycle tires when moving between designated trails in different areas. Invasive plants are often spread accidentally from seeds stuck in treads.

End of an Era: Terra Nova Public House

Council would like to take the opportunity to recognize the outstanding achievement of the Terra Nova Public House. Opened in August 2011, the Terra Nova Public House successfully operated and serviced the residents of Mulmur and beyond for over a decade. The Pub fast became a landmark within the community. Anna Alonso and Troy Gallimore offered a meeting place for residents to come together and developed a supportive Mulmur network. Although the Pub may have closed its doors this is not the end for the Public House. Stay tuned for exciting new plans and make sure you continue to follow them on [Facebook](https://www.facebook.com/LaurasChristmasTrees/). Congratulations and Best Wishes!

Business Highlight: Laura's Tree Farm

Laura's Tree Farm is a family-operated tree farm that first opened in 1986. Specializing in Christmas, Laura's is home to over ten thousand trees, all of which are pesticide free and pruned by hand. Laura's also offers crafts for kids, handcrafted art and decor, along with landscaping trees and more.

May

Council supported moving forward with renovations to the North Dufferin Community Center subject to grant availability and funding. The municipality is currently working on completing a building assessment and conceptual design which is scheduled to be completed in 2022.

June

The Township was forced to complete an emergency road closure due to a failed culvert on 3rd Line East, south of the Mulmur-Nottawasaga Townline. Council supported the emergency structure replacement, and staff were able to work with the Township Engineers, Nottawasaga Conservation Authority and Niagara Escarpment to successfully replace the structure and re-open the road the beginning of December 2021.

July

Council completed their strategic plan implementation review and re-aligned Committee mandates with the outstanding strategic plan actions. In addition, Council re-introduced the Mulmur Community Events Committee, Mansfield Parks Advisory Committee and created the Ad-hoc Planning Advisory Committee to oversee the 2022 Official Plan update.

We are looking forward to coming together as a community again with our first in-person community event on Family Day, February 21, 2022

August

Council entered into a parking lot agreement with Bruce Trail Conservancy to address ongoing parking concerns within the Township. As a result, improvements have been made to the Rockhill Park Parking lot on 1st Line East. In Spring 2022, improvements are scheduled to be made to

the parking lot located on Centre Road accessing the Boyne Valley Provincial Park as well as possible roadside parking on 2nd Line East.

September

Council recognized September 30th, 2021, as the National Day for Truth and Reconciliation (National Orange Shirt Day). In November 2021 Council and staff completed cultural mindfulness training and took steps to address the Truth and Reconciliation Calls to Action directed at municipal government.

October

Council passed a bylaw to enter into a Site Plan agreement with the Mansfield Ski Club for Phase #1 of development for 48 accommodation units located at the base of the ski hill.

November

The Township has received a grant for a 2-bay addition to the front of the public works building. Construction is scheduled to commence in 2022.

December- A Message from your Council

The holiday season allows us time to look back and reflect on the highlights (and lowlights) of our year. It has been a pleasure to serve our residents on a Council that is truly interested in keeping Mulmur a very special place.

There have been challenges as we muddled through the ever-changing Covid restrictions, the mountains of red tape and the concerns of residents that reflected their anxieties with uncertainty. Our phones rang with questions about broadband, gypsy moths, neighbour disputes, barking dogs, fireworks and road conditions. And yet, through all of this, together, we were able to make some significant progress.

Janet Horner, Mayor: One thing that I am proud of as a member of this Council is the strong working relationship that we have developed with our neighbouring municipality of Melancthon. Together we manage the Mulmur-Melancthon Fire Department and the North Dufferin Community Centre for our residents in North Dufferin. We have been laying the foundation for a long term vision of doing things better together.

This past year has shown us that we have a very talented staff team that were able to adapt and respond to the many changes and challenges that arose. It takes a team to make a municipality work and I am thankful for the strong leadership and staff we have.

Earl Hawkins, Deputy Mayor: I am so grateful to have been able to continue to serve the residents of Mulmur. Over this past year, Council has been able to overcome hardships and make some amazing accomplishments. Through the completion of Recreation Studies, Council has re-committed to servicing the recreational needs of our residents and make recreation a priority. We are not only investigating ways to renovate and better the North Dufferin Community Centre in Honeywood, but we also approved the development of an outdoor Community Rink in Mansfield. Upgrades are also being scheduled for the playground equipment in Honeywood Park and Thomson Trail. These betterments will not only improve our wonderful communities but will help re-establish our sense of community and bring our residents together.

I would like to thank our emergency services, including our fire departments of Rosemont, Mulmur-Melancthon and Shelburne. Our volunteer fire fighters continue to go above and beyond to better our communities and serve our residents.

Although Council has had to adapt these past two years and continues to meet electronically, I would like to thank everyone for sticking with us and continuing to participate in our local government. Your voices are heard and appreciated. Thank you, Merry Christmas and Happy New Year. I am looking forward to seeing you all face to face again in 2022.

Shirley Boxem, Councillor: What many love most about Mulmur is the natural features; the forests, the trails and the well being those features bring. Council continues to strive to protect those features and that diligence has been evident in our partnership with the NVCA in the protection of our watershed. As well, the Mansfield Ski Hill accommodation project was a big decision this year and included a focus on our environment, water quality and lifestyle. Council does strive to do what's best for Mulmur and this process has certainly highlighted how that isn't a cut and dry issue.

Mulmur communications growth was a significant accomplishment this year. The growth was realized in several ways. First, the distribution list grew significantly which represents a huge increase in resident engagement. Connected residents are more likely to get involved and contribute to their community and weigh in on things like the Official Plan round tables. The format and content of the newsletter has evolved into a very professional newsletter that is representative of our community. My final comment is PLEASE join our distribution list if you haven't already!!

Patricia Clark, Councillor: This past year I have been very pleased to see how well Council and staff were able to work together in a virtual environment during this pandemic, allowing us to continue to work towards our goals and dreams for Mulmur. A significant accomplishment was finalizing the Strategic Plan to give Council and staff a clear direction as to how we want to move forward together. We want to keep the rural charm of Mulmur, but there is also a need to increase diversified housing opportunities. We have improved communications with the residents and have taken steps to improve our internet capacity. I am also excited that we were able to start to address the recreation needs of residents. The Recreation Plan was completed and approved and a joint agreement was made on the rejuvenation of the North Dufferin Community Centre. An outdoor skating rink has been created in Mansfield this winter and maintained by volunteers. Those are some great accomplishments! A great deal of time was also spent ensuring that the new Mansfield Ski development will be an enhancement to the community. Not all residents were in support of the development, but the staff went above and beyond their responsibilities to ensure that all concerns were addressed by our expert consultants. I look back and am pleased with what we have accomplished, and I look forward in anticipation of what we will achieve next year.

Ken Cufaro, Councillor: As we approach the end of another year, I would like to take this opportunity to highlight the work of our resolute Road Safety Committee (RSC) members. Thank you to RSC members/volunteers, Brian Whitney, Cheryl Russel, and Yvonne Graf.

Throughout 2021, the RSC met to examine the safety issues surrounding the public use of our roads within Mulmur. Passenger vehicles have dominant use of our roads, however, we also have motorcycles, bicycles, pedestrians, horse riders, and farm vehicles. There has also been an increase in ATVs on roads, despite the fact ATVs are prohibited, under a Bylaw. Add snowmobiles in the winter months and you can see it can be challenging for all users of the Mulmur roads.

The RSC have identified priority roads within Mulmur requiring additional police presence and traffic enforcement. Council has budgeted for additional paid duty police for this purpose. The RSC made recommendations to Council for the reduction in speed on several roads, which have now been implemented by Council. Mulmur Council is committed to ensuring all users of our roads are kept safe. John Willmetts, Director of Public Works, and our roads crew, are to be commended for their demanding work and commitment to keeping our roads maintained and safe for use by our residents and visitors.

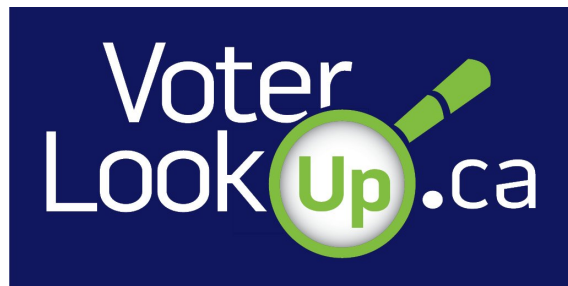

Wishing everyone a wonderful Christmas season and a safe, healthy, and prosperous New Year!
