The key parks related budget items included:

- Mansfield Ball Diamond: Bleacher box installation, pitching mound rehab, fencing, parking lot improvements.

Pitching mound clinic completed with Public Works staff now having experience in re-building pitching mounds and wing with clay. Other work planned for completion before the end of 2025 includes conduit installation for an electrical connection for pitching machines. Discussion confirmed the need for signage along the outfield fence confirming distance and tree trimming of overhead branches extending into outfield which impacts the flight of the ball.

Further discussion was held on exploring liability concerns for Mansfield diamond (netting along 3<sup>rd</sup> base). with foul balls making it to Airport Rd. There is also interest in developing a longer-term plan that would identify needs and timelines. There may be opportunities to integrate the longer-term plan with the Township's Recreational Master plan which will be updated in 2026.

## **5.3 Thomson Trail Park**

Thompson Trail paved path completed in Oct 2025. Outdoor exercise equipment installation scheduled for April 2026 installation as there was a delay in receiving the equipment from the supplier.
