**Moved by Lyon and Seconded by Moore**

That the minutes of March 25, 2025 be approved.

**Carried.**

5. **Declaration of Pecuniary Interest - None**

6. **Administration**

6.1 **Levels of Service Discussion**

Members discussed current levels of service and technical training deadlines in 2028. Members acknowledged current discussions at the County Chief level to consider specialization of various Dufferin departments. Costs for specialization would include additional training of approximately 40-60 hours per firefighter, plus maintenance training and equipment. Chief Waterfield noted, that if a department did not have the

required training to complete a rescue, that the department would contract that service, or enter into agreement with a neighbouring department.

## **6.2 General Fire Chief Update**

Chief Waterfield advised that the department has received 42 calls to date in 2025. The department has had 1 resignation and is currently sitting at 22 firefighters and 5 vacancies. Recruitment remains ongoing.

The generator at the fire hall experienced issues during the ice storm and is currently being repaired.

## **7.0 Information Items**

### **7.1 Accounts**

### **7.2 1<sup>st</sup> Quarter Financial Report**

### **7.3 2024 Standard Incident Report Filing**

Chief Waterfield advised the standard incident report was filed in January. Resubmission of the report is unavailable as the report has already been filed. The department is currently in discussions to correct the issue.

### **Moved by Lyon and Seconded by Moore**

That the Mulmur-Melancthon Fire Board received the accounts as information.

**Carried.**

## **8.0 Items for Future Meetings**

### **8.1 2024 Annual Report**

## **9.0 Adjournment**

### **Moved by Lyon and Seconded by Hawkins**

That we do now adjourn at 7:57 p.m. to meet again on September 16, 2025 at 5:00 p.m., or at the call of the Chair.

## 2024 Year End Report

Presented by: Fire Chief Mathew Waterfield

# 2024 Year End Report

It is my pleasure to present the Mulmur Melancthon Fire Department's 2024 annual report which will highlight our department's commitment to providing fire protection services to the townships of Mulmur and Melancthon.

The Mulmur Melancthon Fire Department operates as a Paid-per-call or Volunteer Department operating out of one station located in the hamlet of Honeywood in the Township of Mulmur. In 2024, we responded to 111 calls for service which was an increase of 24 percent from 2023. Such an increase clearly demonstrates the increased demand on our members to provide the valuable services required. The demand is also increasing in training as we work towards the mandatory certification required by the province. I am constantly amazed by our memberships dedication and professionalism as we work collectively toward this goal.

With the support of the Mulmur Melancthon Fire Board and councils of both the Township of Mulmur and Melancthon, in September we took delivery of our newest piece of Fire Apparatus This apparatus has several enhanced safety features to keep our members safe such as well as increase capacity to fire suppression services in our rural areas. Pumper 47 was placed into service in December and will allow us to continue to provide exceptional fire protection to the residents and visitors to our response area.

### *Totals by Type* From Jan 1 24 to Dec 31 24

As you can see by the graphic above medical calls made up 39% of our responses in 2024, which remains consistent with our numbers from 2023 where they made up 39% of our responses as well. 32% of our calls were motor vehicle collisions which is an increase from 2023 which they made up only 22% of responses.

The biggest change this year was in our mutual aid calls. 2023 had us respond to 12 requests for 13%, while in 2024 we only had requests for 6 mutual aid or only 5% of our calls.

***Totals by Day of Week***  
From Jan 1 24 to Dec 31 24

***Totals by Hour***  
From Jan 1 24 to Dec 31 24

Looking forward to 2025, again with support from the fire board and councils we are working toward implementing our enhanced radio system which will provide us with an increased level of operational capacity including 2 dedicated channels for emergencies along with the ability to communicate with our mutual aid partners in Dufferin County. We are also continuing to work toward our provincial certification with members already committed to several courses including live fire training, pump operator, fire officer, training officer as well as our in-house weekly training delivered by our own training officers.

I would like to extend my deepest gratitude to the members of the Mulmur Melancthon Fire Department. Their outstanding dedication and commitment to the community is visible everyday and I am looking forward to working with them in 2025.

## **Dufferin County Tiered Response Agreement**

### **Introduction**

This Tiered Response Agreement (TRA) between Dufferin County Paramedic Service (DCPS), Ontario Provincial Police (OPP) – Dufferin Detachment, and the Municipal Fire Department (Caledon, Erin, Grand Valley, Mulmur-Melancthon, Orangeville, Rosemont, Shelburne, and Southgate providing service within the County of Dufferin authorizes the activation of tiered response to those conditions identified by the participants in this agreement as requiring it.

For the purpose of this agreement, a tiered response is the response of more than one agency for emergency incidents. This agreement does not limit requests from agencies for secondary response/back-up from other agencies.

The Appendices to this agreement note the specified conditions requiring a tiered response. Appendix A outlines the broad categories for all agencies. The specified conditions requiring a tiered response will be recommended by the TRA Steering Committee - Appendix B. These conditions may be amended as agreed by the TRA Steering Committee based on agency data to support the amendment. Appendix C outlines the allied agency response to medical calls.

Appendix C is intended to be a “living document” and updated as required based on the methodology outlined by Paramedic Services. Appendix D will be an ongoing tracking sheet used to track changes to the Tiered response criteria.

Notwithstanding the contents of this agreement, this document is intended solely as an operational guideline for tiered response. It does not constitute a legal agreement or establish binding standards.

The agreement should be reviewed on an annual basis to identify any alterations or modifications necessary in the agreement and/or appendixes to ensure that mutually agreed operational requirements are maintained as intended for local service levels.

### **Definitions**

CACC – Central Ambulance Communication Centre

DCPS – Dufferin County Paramedic Service

FDs – Fire Departments – for the purpose of this agreement this refers to all Municipal Fire Departments who have signing authority related to this agreement including Caledon, Dundalk, Erin, Grand Valley, Mulmur-Melancthon, Orangeville, Rosemont, and Shelburne

FREI – Febrile, Respiratory, Enteric, Illness – this acronym is used to notify responders of a potential infectious disease which includes symptoms such as fever, shortness of breath, cough, vomiting, and diarrhea

MPDS – Medical Priority Dispatch System

OPP – Ontario Provincial Police

PHIPPA – Personal Health Information Protection Act

PPE – Personal Protective Equipment

TRA – Tiered Response Agreement

## Dufferin County Tiered Response Agreement

### Roles and Responsibilities

All agencies agree to respond to 911 requests for service as outlined in Appendix A and Appendix C within the County of Dufferin when tiered.

- CACC will tier the emergency to the respective FD's Communication Centre within sixty (60) seconds of committing the call to the CACC dispatch system for all call types identified in Appendix A, only if additional time criteria have not been selected.
- This agreement acknowledges that fire and police emergencies take precedence over requests for medical tiered response and as a result may necessitate the respective agency not being available to respond to the medical emergency.
- During emergencies declared under the County of Dufferin or local municipal Emergency Response Plan, it is acknowledged that the emergency takes precedence, and this Letter of Agreement may be amended as necessary.
- In the event of a conflict or the need to clarify issues arising from this agreement, the parties agree that they will first attempt to resolve such issues at an operational level. Failing which and for any other purposes regarding this Letter of Agreement, the TRA Steering Committee shall be the contacts for formal resolution.
- In the event of a change in the fire dispatch centre or fire boundary areas, the respective FD agrees to notify the Paramedic Service and Cambridge CACC of the change.
- This agreement shall commence on the date signed by all parties and continue on an annual basis, renewed automatically unless terminated in writing effective thirty (30) days from the date of receipt of the official notice.
- Cambridge CACC will not tier FD's to nursing homes, medical clinics, medical facilities or retirement homes where there is a Medical Doctor (MD), Nurse Practitioner (NP), Physician Assistant (PA), Registered Nurse (RN), or Registered Practical Nurse (RPN) on scene.
  - Exception: All vital signs absent/cardiac arrest calls will be tiered regardless if there is an MD, NP, PA, RN, or RPN on scene.
- For emergencies in which paramedics require additional assistance and the fire service was not initially tiered, as soon as patient assessment has been completed paramedics will request additional support which may include FD.
- All parties agree to uphold patient confidentiality in accordance with current legislation including but not limited to PHIPA.
- FD will be responsible for supplying their own medical equipment PPE for medical emergencies, unless a previous agreement between the FD's and DCPS exists. At no time, will a FD's request equipment from paramedics to re-stock disposable equipment/supplies that may have been used on an emergency call. Appendix E lists the equipment/supplies that DCPS will provide to Dufferin County Fire Departments upon request. All requests will be submitted to DCPS management, and they will coordinate with an acceptable date/time to pick up equipment/supplies from Orangeville station.

## Dufferin County Tiered Response Agreement

- Cambridge CACC will notify Fire Communication Centre of calls for which infectious disease could be present by using the acronym FREI positive. It is the responsibility of the fire communication centre to notify the responding fire firefighters of a potential hazard on scene and as such the fire fighters responding are required to don appropriate PPE. At a minimum for FREI positive calls, fire fighters will don fit-tested and seal-checks N95 mask, medical gloves, and eye protection. Additional PPE including gown, Tyvek suit, boot covers, and face shield, will be donned based on current situation such as declared outbreaks and a point of care risk assessment.
- In order to reduce the risk of exposure to potentially infectious disease(s), FDs will complete a risk assessment and determine the appropriate number of fire fighters required to provide necessary patient care. Every effort will be made to reduce the number of personnel in the immediate area.
- Each FD will ensure that all personnel responding to medical emergencies have immediately available and are trained in proper use, limitations and donning/doffing procedures of Personal Protective Equipment appropriate for any medical emergencies. FDs will also ensure that personnel responding to medical emergencies have all appropriate immunizations as outlined by the Canadian Immunization Guide.
- FD's and DCPS will ensure that all personnel responding to an incident will be easily identifiable as a first responder.
- FD's and DCPS both agree to respond to calls for service according to the agreed upon criteria as set out in Appendix A and Appendix C and further that the practice of "jumping calls" would not be common practice.
- DCPS will work with Dufferin County FDs to ensure an effective Medical Tiered Response program by assisting with:
  - Annual Training that includes but is not limited to, Introduction to Paramedic Services equipment and processes, Equipment types and locations, Stretcher removal and handling and any other information agreed to between the Chiefs. Any stipend or wage payable shall be the responsibility of each agency involved for their own employees.
- Each Party shall indemnify, defend, and hold harmless the other Party, including its elected officials, employees, agents, representatives, and volunteers, from any and all liabilities, claims, demands, losses, costs, damages, expenses, actions, suits, or proceedings of any kind, whether made directly or indirectly, arising out of or related to this Agreement. This includes, but is not limited to, bodily injury, sickness, disease, death, or damage to or destruction of tangible property caused by the acts or omissions of the indemnifying Party or its elected officials, officers, employees, agents, contractors, customers, invitees, or licensees. This indemnification obligation shall survive the termination or expiration of this Agreement.

# Ontario Investing More Than \$746,000 to Train and Protect Firefighters

Skills Development Fund investment will provide life-saving survival training to firefighters

**September 15, 2025**

[Ministry of Labour, Immigration, Training and Skills Development](#)

**AURORA** — The Ontario government is investing over \$746,000 through the [Skills Development Fund \(SDF\)](#) Training Stream to help the Ontario Professional Fire Fighters Association (OPFFA) deliver critical survival training to firefighters across the province. This investment will help ensure Ontario's frontline heroes are equipped with the skills and tools they need to keep communities, and themselves, safe.

"Our government will always stand shoulder to shoulder with the brave men and women who have our backs when we need it the most," said David Piccini, Minister of Labour, Immigration, Training and Skills Development. "By investing in advanced survival training, we're protecting our firefighting heroes by providing them the skills they need to stay safe in the most dangerous scenarios."

The Fire Ground Survival Train-the-Trainer program, developed by the International Association of Fire Fighters, is the most comprehensive survival and MAYDAY prevention training available in the fire service. Training, supported by this SDF investment, will take place in Toronto in October 2025 and in North Bay in Winter 2026. Leveraging a "train the trainer" model, participants will be certified to take the knowledge back to their colleagues, maximizing the training impact Ontario-wide.

The SDF funding will also be used to purchase a tow vehicle and a second training trailer dedicated to northern fire services, ensuring firefighters in remote and rural communities can access training.

Since its launch in 2021, Ontario has invested \$1.5 billion through the SDF Training Stream and Capital Stream to help train more than one million workers for in-demand

careers and good-paying jobs. As announced in the [2025 Budget: A Plan to Protect Ontario](#), the government is investing \$1 billion more through the Skills Development Fund over the next three years, bringing the total to \$2.5 billion, to support key industrial sectors and help train even more workers.

## Quick Facts

- Firefighters are more likely than average to experience health problems because of hazardous occupational exposures. In Canada, there are 50 to 60 firefighter fatalities of cancer every year and half of those are from Ontario.
- Ontario's *Working for Workers* acts have improved cancer coverage for firefighters, investigators and volunteers by removing the age limit for [colorectal cancer](#) claims and reducing the required service time for [kidney cancer coverage](#) from 20 to 10 years — the shortest in Canada.
- There are over 33,000 firefighters in Ontario, including over 12,500 full-time firefighters, about 20,000 volunteer firefighters and almost 400 part-time firefighters.
- On July 29, the Ontario government launched a [new call for project proposals](#) for the SDF Training Stream totaling \$260 million. Interested organizations can visit the [SDF Training Stream website](#) and have until October 1<sup>st</sup> to apply.
- The SDF Training Stream rounds 1 to 5 are supported through labour market transfer agreements between the Government of Canada and the Government of Ontario. SDF Training Round 6 is supported exclusively by the Government of Ontario.

## Quotes

"The Ontario Professional Fire Fighters Association is proud to stand with Minister Piccini and the Ontario government in delivering this vital Skills Development Fund project. The Fire Ground Survival program equips the men and women who protect our province with the lifesaving training they need to keep communities safe. It is critical that firefighters across our province have continued access to the tools, training and equipment necessary to protect our communities."

**- Greg Horton,  
President of the Ontario Professional Fire Fighters Association (OPFFA)**

"Every day, Ontario's firefighters put their lives on the line to protect our people, homes and communities. Our government is proud to stand shoulder to shoulder with them, ensuring they have the training, resources and support they need to make it home safely while continuing their life-saving work of protecting Ontario."

**- Michael Kerzner,  
Solicitor General of Ontario**

"Protecting Ontario means ensuring our emergency responders have the training and equipment they need to keep our province safe, practiced and prepared. Our government's investment in firefighting heroes will not only strengthen Ontario's

emergency response capabilities, but it will also ensure communities are better prepared to respond to local emergencies."

**- Jill Dunlop,  
Minister of Emergency Preparedness and Response**

"Our firefighters put their lives on the line every day to protect families across Ontario. By investing in advanced survival training through the Skills Development Fund, our government is equipping these brave men and women with the tools they need to stay safe while safeguarding our communities."

**- Dawn Gallagher Murphy,  
Member of Provincial Parliament for Newmarket–Aurora**

"Our government is proud to invest in Ontario's firefighters through the Skills Development Fund to ensure they have access to the crucial training they need. This \$746,000 investment will equip firefighters with the skills and tools to stay safe in the line of duty, while continuing to protect the communities they serve across Ontario."

**- Michael Parsa,  
Member of Provincial Parliament for Aurora–Oak Ridges–Richmond Hill**

"Firefighters put their lives on the line every single day to protect our families and communities. This investment is about making sure they return home safely to their own loved ones. By expanding access to advanced survival training, we are equipping firefighters across Ontario, including those in smaller and northern communities, with the tools they need to face the toughest situations. Our government is proud to stand with Ontario's firefighting heroes and invest in their safety and well-being."

**- Mohamed Firin,  
Parliamentary Assistant to the Minister of Labour, Immigration, Training and Skills Development**

"I want to thank the Ontario Government for investing in Aurora through the Skills Development Fund. This support helps firefighters here in Aurora and across Ontario build the advanced skills they need to stay safe and protect our communities. It's an investment in their careers, in our community's safety and in a stronger, more competitive Ontario."

**- Tom Mrakas,  
Mayor of Aurora**

"This investment is critical to our firefighters so they can protect themselves and our loved ones in the most challenging situations. As a former volunteer firefighter of 21 years, I know firsthand the importance of ensuring our brave men and women have the tools and training they need to return home safely to their families. Having witnessed the training at FireCon last week, I'm encouraged to see this investment not only enhancing firefighter training, but also expanding the facilities and resources needed to better support our rural fire services and train the next generation of firefighters."

**- Kevin Holland,**  
**Member of Provincial Parliament for Thunder Bay–Atikokan**

"Firefighters are more than heroes that save us on the worst days, they are often some of the most dedicated supporters and volunteers within our communities. I am grateful that this government has so strongly expressed our support for them. From expanding advanced training to increasing our supports for firefighter health, we will always stand up for, stand with and express our immense appreciation for our local heroes."

**- Ric Bresee,**  
**Member of Provincial Parliament for Hastings–Lennox & Addington**
