GEOGRAPHIC VIEW OF RF COVERAGE / RECEPTION PROBLEMS:

3.4.1.4 Dufferin County – Geographic Mapping of Coverage Problem Areas

Figure 19 – Dufferin County with LMR / Data Sites – Areas with reported issues are noted with red squares.

Staff interviewed reported concerns in the noted red areas – problems with basic radio reception and interoperability among Fire agencies and neighboring agencies.

These serious issues are a health & safety concern + a 911 operations concern + a liability for the concerned parties → corrective action should be taken ASAP.

Town of Orangeville & Dufferin Area Stakeholders Telecommunications Review

WHAT DID WE DO TO GET HERE?

1. Incomplete / Fragmented County System per original Simulcast System Design Plan

- a) - lack of inter-site linkages for wide-area comms in original backhaul / system design means single site-based users cannot communicate with other users in the County or users en-route to 911 call
- b) - potential RF self-interference issues while paging volunteer Fire Fighters
- c) - RF coverage gaps in original RF design due to non-optimized RF site locations
- d) - lack of interoperability with neighbouring systems in the design (no ISSI linkages, site links)
- e) - legacy analog LMR technology without planned interoperability across radio sites
- f) - unencrypted LMR communications open to public
- g) - no cohesive County-wide radio system equipment strategy & no Public Safety data capabilities
- h) - a number of single-points of failure in backhaul design & system design

2. Overall System Maintenance Problems & Operations Issues

- a) - lack of on-site spares puts system at risk of multi-day outages if breakage occurs
- b) - no documentation / no organized radio system info rapidly available for emergencies / disasters
- c) - questions about scope of contracts for maintenance services and/or expired contracts

3. Equipment Incompatibilities between County & Orangeville & Neighbouring Fire Agencies

- a) - Incompatibility of radio equipment between County and Orangeville Fire agencies, and neighbouring agencies, which necessitate physical use of “donor radios” → risk
- b) - Original procurement & design → lack of strategic / interop. planning & infra. lifecycle planning

Telecommunications Review

KEY BENEFITS OF THE PROPOSED SOLUTION

1. Remove Potential Legal Liabilities from Radio System Failures / Inability to Communicate

- a) - Correcting the longstanding LMR issues will mitigate and remove potential liabilities due to 911 operations staff unable to call for help in an emergency, or due to worsened 911 outcomes for civilians in the event of communications mix-ups during 911 operations

2. Improve Interoperability among current 911 field staff (Fire, Police, EMS)

- a) - Correcting the longstanding LMR issues will improve 911 response & coordination
- b) - Improved 911 response outcomes and Improved Community Safety

3. Deployment of a Hybrid LMR-PSBN model brings added Critical Infrastructure & 911 Benefits

- a) - New data & Private 5G capabilities – Deploying a Hybrid LMR-PSBN system brings new voice & data capabilities for town, utility, critical infrastructure, 911 users and as a tool for digital divide / access
- b) - Enhanced Cybersecurity for Critical Infrastructure vs. Commercial Carriers
- c) - PSBN has a positive ROI for investment via significant cost savings on telecom service vs. status quo
- d) - PSBN improves 911 communications reliability & resiliency in the event of commercial carrier outages (e.g., recent Rogers outage) or disaster surge scenarios / evacuations in natural disasters, etc.
- e) - PSBN significantly improves municipal disaster preparedness for 911 access & 911 response
- f) - PSBN provides added call capacity + backup wireless access for Hybrid LMR device users

DUFFERIN OPP WRAP UP FESTIVE RIDE

FROM/DE: Dufferin Detachment

DATE: January 5, 2023

DUFFERIN OPP WRAP UP FESTIVE RIDE

(DUFFERIN, COUNTY) - The Dufferin Detachment of the Ontario Provincial Police (OPP) have concluded the Festive RIDE (Reduce Impaired Driving Everywhere) campaign and the results are in.

The Festive RIDE campaign, which ran from November 17, 2022, until January 2, 2023, was led by the Ontario Association of Chiefs of Police (OACP) and involves a collaboration among Ontario police services to keep roads free of alcohol-impaired and drug-impaired drivers. During the campaign, officers were highly visible as they conducted RIDE initiatives 24 hours a day, seven days a week.

The results of the RIDE campaign show that drivers who are impaired by alcohol or drugs continue to pose a threat to Ontario roads.

- Officers conducted 227 RIDE Programs
- 27 Drives charged with impaired operation related offences
- 6 Drivers issued warn-range driver's licence suspensions (3, 7 or 30-day)

Dufferin OPP would like to thank the concerned citizens who contacted police to report a possible impaired driver. These calls save lives and therefore we treat them as a high priority. If you suspect an impaired driver, make that lifesaving call and dial 9-1-1.

Members of the public are reminded to plan to not drive when planning to drink or consume drugs. There are many alternative options to remove impaired driving from the picture, such as a designated driver, taxi, rideshare, public transit or staying the night.

DUFFERIN OPP REMINDS MOTORISTS TO STOP FOR SCHOOL BUSES WHEN RED LIGHTS ARE FLASHING

FROM/DE: Dufferin Detachment

DATE: March 23, 2023

DUFFERIN OPP REMINDS MOTORISTS TO STOP FOR SCHOOL BUSES WHEN RED LIGHTS ARE FLASHING

(DUFFERIN COUNTY, ON) - The Dufferin Detachment of the Ontario Provincial Police along with area school bus drivers would like to remind all drivers that a stopped school bus with its red overhead flashing lights and extended stop arm requires all approaching drivers to stop and not pass by the bus. Drivers should also adjust their speed and be aware of extra vehicle traffic and pedestrian traffic during school times in school areas and zones.

For more information please view the following Ministry of Transportation link - <https://www.ontario.ca/document/official-ministry-transportation-mto-tuck-handbook/stopping-school-buses>

An updated Safety Message from Behind the School Bus Steering Wheel - please view the following link - https://twitter.com/OPP_CR/status/1567551500167118849

Points to Remember

- Focus 100 per cent of your attention on the road and put away unnecessary distractions.
- Slowdown in school zones and respect the posted speed limit. There will be a high volume of students traveling between home and school by bus, on foot and by bicycle.
- Be aware of school buses with *their yellow then red flashing lights* activated. The fine for passing a school bus with its red lights activated is \$490 minimum and six demerit points.

In Closing

In response to an increase in complaints of vehicles not stopping for school buses in Dufferin County, officers will be conducting extra patrols during school hours. Drivers that are found in violation will be served a Provincial Offences Notices for "Failing to stop for a School Bus" that comes with a price tag of \$490.00 and six demerit points upon conviction. **I STOP YOU STOP**
