## 1. **Introduction**

This Plan will address the specific accessibility requirements in relation to the 2026 Municipal Election in the Township of Mulmur.

The Township of Mulmur has made great efforts in promoting a barrier-free community. In an effort to ensure that the 2026 Municipal Election is consistent with the core principles of the Accessibility for Ontarians with Disabilities Act, 2005, this planning document was developed in advance of the election to identify measures to be taken and reported to Council following the election.

## 2. **Objectives**

This Plan is intended to highlight measures that the Township of Mulmur will be implementing to ensure equal opportunity for all electors and candidates. These objectives include:

- That persons with disabilities are able to independently cast their vote and verify their selection.
- That persons with disabilities have full and equal access to all information on where and when to vote and on eligible candidates.
- That persons with disabilities can fully participate in the Municipal Election as an elector, candidate, or election official.
- That efforts are made to ensure that electors with disabilities are aware of the accessibility measures available via channels such as the newspaper, media launches, the Township of Mulmur website and social media.
- That all voting assistance locations are accessible.

## 3. **Development of the Plan**

This Plan is a “living” document which will be improved and updated as best practices are identified and new opportunities for improvement arise. In order to develop the plan, several steps were taken to ensure that the statutory requirements were met and a feasible implementation plan was in place. During the development of the 2026 Municipal Election Accessibility Plan, the following steps shall be implemented:

- Review and analysis of documents, policies and other supporting materials from the Association of Municipal Managers, Clerks and Treasurers of Ontario (AMCTO), neighbouring municipalities, the Ministry of Municipal Affairs and Housing, technology suppliers and other various stakeholder groups.
- Establish staff training standards and practices directly related to the Election to ensure that people with disabilities are able to vote in a positive customer service environment, and ensure that all Election Officials recognize that a voter’s needs shall be accommodated.

## **4. Voting Methods**

The Township of Mulmur 2026 Municipal Election will utilize Intelivote Systems Inc. to provide eVoting services to eligible voters. This includes the convenience and independence of voting from anywhere via telephone, internet or in-person at a voting station during the October 16 – 26, 2026 voting period.

Everyday tools like computers, telephones and other aids can present accessible opportunities for persons with disabilities to accomplish more, while being consistent with the principles of independence, dignity, integration and equal opportunity.

The Intelivote Voting System provides voters with the capability to vote from the comfort of their own home. Voting from home facilitates the voting process for persons with disabilities who may have mobility restrictions, visual impairment, and/or have a difficult time with transportation. Additionally, persons who have assistive devices set up in their homes can use them to assist with casting a ballot privately and independently.

By allowing persons with disabilities to vote from any location and from a selection of methods, there is an increase in the capability for the voter to vote without any assistance. This provides persons with disabilities the same independence and privacy in participating in the election as other voters. If persons with disabilities do require assistance in the voting process, trained Election Officials will be present at the in-person voting locations offered in the Township of Mulmur, throughout the voting period.

### **4.1 Telephone Voting**

Eligible voters may vote using a touch-tone telephone, and the toll-free telephone number, date of birth, and the PIN number contained in their Voter Information Letter to access an audio ballot. Communications barriers can make it difficult for people to receive or convey information. Barriers may be identified as low volume, use of language that is not clear or plain, and confusing or unorganized menu options.

The Intelivote telephone voting application provides the following:

- Service on all types of touch tone phones and wireless devices.
- Clear, plain language.
- Menu options that are easy to follow, advising when to select options and provision of confirmation of the voter's selections.
- Standard volume is used to allow for adjustment dependent of the telephone or device being utilized.

### **4.2 Internet Voting**

Eligible voters may vote online, using a smart phone, tablet device, gaming device or computer and any accompanying assistive devices or software, along with their date

of birth and PIN and qualifying information, to access the internet address provided in their Voter Instruction Letter.

The Intelivote System has been created to meet the Web Content Accessibility Guidelines (WCAG-2 Level AA), so that persons with disabilities can perceive, navigate and interact with the online voting system. It is compliant with the guidelines of the World Wide Web Consortium website principles, which include organization, functionality and readability of information provided, as well as alternative ways of representing information, such as with audio.

#### **4.3 In-person Voting at Voting Station**

For those individuals wishing to vote in-person or without means to access voting via telephone or Internet, or who require the assistance of a trained Election Official, an advance voting station and Election Day voting station will be open to provide in-person internet voting opportunities via a computer or laptop.

Access to the voting station interior and voting area will be level and slip-resistant. Any doormats or carpeting shall be level with the floor to prevent potential tripping hazards. The voting area will be well-lit and seating will be available. Entrance corridors will be clear of obstructions and tripping hazards and will allow sufficient space for use of a wheelchair or scooter.

An accessible voting area will be available at the voting location. This area shall be low in height and have a wide area to allow for individuals who use a wheelchair or scooter to vote independently and secretively.

Voters may attend the voting station location throughout the voting period. The Township of Mulmur will be operating the following voting place location during the Advance Voting Period:

Township of Mulmur Administrative Offices (758070 2<sup>nd</sup> Line East)  
Internet / Phone only

October 16, 2026 - 10:00 a.m. to 4:30 p.m.  
October 20 - 23, 2026 - 8:30 a.m. to 4:30 p.m.

The following voting location will be open on Election Day:

Monday, October 26, 2026 - 8:30 a.m. to 8:00 p.m.  
Township of Mulmur Administrative Offices (758070 2<sup>nd</sup> Line East)  
Internet / Phone only

#### **5. Voting Location(s)**

An accessibility assessment of the physical voting location was conducted. The objectives outlined in Section 2 were taken into account when determining which location(s) would be used.

## **5.1 Accessible Route**

The name and/or address of the voting location will be clearly visible. An easily navigable route will be marked for entry into the voting location and into the voting area within the location. The voting area shall be identified with clear and understandable signage. Seating areas will be provided throughout the voting location for individuals needing a rest.

## **5.2 Entrance and Exit**

The route to the entrance of the voting location will be unobstructed and accessible. The route will be wide enough to allow for an individual using a wheelchair, scooter, other assistive device, or service animal to travel safely. Doors into the voting location and voting area will be accessible and easy to open or shall remain propped open for the duration of the voting location hours. Routine checks of entrance and exit routes will be made throughout the hours of operation.

## **5.3 Parking**

Accessible parking will be available at all voting locations. The designated parking space(s) will be clearly marked with the international Symbol of Accessibility and will be on firm and level ground, close to the entrance of the voting location. Elections staff will monitor and enforce parking at voting locations throughout the day.

## **6. Voting Assistance**

### **6.1 Support Person/Friend of the Voter**

Pursuant to the Township of Mulmur Accessibility Policy, people with disabilities shall be permitted to be accompanied by a support person at any voting location. A designated support person and/or 'Friend of the Voter' will be administered an oath of secrecy/confidentiality by an Election Official prior to providing any such assistance.

### **6.2 Service Animals**

Pursuant to the Township of Mulmur Accessibility Policy, individuals requiring service animals are permitted to be accompanied by a service animal at all voting locations.

### **6.3 Election Officials**

At in-person voting locations, upon request, Election Officials are available to assist any voter who requires assistance in casting their telephone and/or online ballot. All individuals working in the capacity of an Election Official are formally appointed as such and administered an oath of secrecy prior to voting day.

## 7. **Communication**

The 2026 Municipal Election Accessibility Plan will be made available at the Municipal Office located at 758070 2<sup>nd</sup> Line East, Mulmur ON L9V 0G8 and by way of the Township of Mulmur website [www.mulmur.ca](http://www.mulmur.ca). Alternative formats will be made available upon request.

Information regarding the accessibility measures provided for the 2026 Municipal Election shall be included in general election advertising as well as in the 2026 Municipal Election Nomination Package.

### 7.1 **Election Materials**

The Township of Mulmur is required, as per the Accessible Customer Service Standard, to provide a copy of a document to a person with a disability, or the information contained in the document, in a format that takes into account the person's disability.

#### **Alternate Formats**

Alternate formats are other ways of publishing information besides regular print. Some of these formats can be used by everyone, while others are designed to address the specific needs of a user.

The Township of Mulmur and the person with a disability may agree upon the format to be used for the document or information.

In the event the information is not generated by the Township of Mulmur or is supplied by a third party, the Township of Mulmur will make every effort to obtain the information from the third party in an alternate format and/or will attempt to assist the Elector by providing assistive equipment.

#### **General Election Materials**

**Large Print** – Printed material generated by the Township of Mulmur will be provided in an Arial font, minimum 12 point, and can be made available in a font (print) size that is 16 to 20 points or larger.

**Website** – Information generated by the Township of Mulmur on the website in relation to the election will be compliant with WCAG 2.0 Level AA, and allow for assistive software to be utilized. In addition, website font can be adjusted within the browser's functionality to aid the user in reading the information.

**Video** – Promotional and educational videos created for the 2026 municipal election shall incorporate audio and captioning.

## **7.2 Service Disruptions**

From time to time and/or for unforeseen circumstances beyond the Township of Mulmur's control, temporary service disruptions may be experienced. In the event of a temporary accessible service disruption, Election Officials will commit to making reasonable efforts to ensure that services are reinstated as quickly as possible and that alternative services are provided where feasible.

In these instances of service disruptions, the Township of Mulmur will provide reasonable notice in the event of a planned or unexpected disruption in the facilities or services usually used by persons with disabilities.

Notice of these temporary disruptions will be provided in a conspicuous place and manner at the respective location(s) and information will also be posted on the Township of Mulmur website. This notice will include information about the reason for the disruption, its anticipated duration, and a description of alternative facilities or services, if available.

Accessible services in relation to this plan include voting places, election materials and/or voting provisions for Electors with disabilities at the voting place.

In the event of disruptions to service or unforeseen circumstances that affect the accessibility of voting places during the advance vote or on Election Day, notices of disruption will be posted in real time on the Township of Mulmur website and election website.

## **8. Candidates**

Candidates must also have regard to the needs of electors with disabilities. It is the responsibility of the Candidates to review all campaign offices, election materials and canvassing to ensure that they are fully accessible. Here is the link to the AMCTO's Candidates Guide to Accessible Elections:

## **9. Reporting**

Pursuant to Section 12.1 of the Municipal Elections Act, 1996, within 90 days after voting day, the Township of Mulmur Clerk shall submit a report to Council about the identification, removal and prevention of barriers that affect electors and candidates with disabilities.
